Original Product — Type Certificate Number: 6A5  
Make: Lockheed  
Model: L-1049G and H

*Description of Type Design Change:*

Installation of a Collins 621A-3 ATC transponder system in accordance with Flying Tiger Line Engineering Order No. 4535-73 dated April 12, 1967.

*Limitations and Conditions:*

This approval should not be extended to other specific aircraft of this model on which other previously approved modifications are incorporated, unless it is determined that the inter-relationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Agency.

Date of application: April 11, 1967
